# ÇAĞLAR LİMANDAL

caglar.limandal@gmail.com
Kartal/İstanbul • (506) 125-9461

## PERSONAL INFORMATION

**Sex**: Male
**Date of Birth:** 30.08.1987 / TRABZON
**Marital Status**: Single
**Military Service**: Completed / 16.05.2011
**Driving Licence**: B

## EDUCATION

| | | |
|---|---|---|
| **Doğuş University** | MSc. Engineering and Technology Management, Istanbul | December 2017 |
| **Dumlupınar University** | BSc. Computer Engineering, Kütahya | October 2009 |

## WORK EXPERIENCE

| | |
|---|---|
| **Freelance** – Consultant; Istanbul | 2023 – |
| **Agesa Hayat Emeklilik** – Tech Lead; Istanbul | 2023 – 2023 |
| **MLPCARE** – Software & Architecture Manager; Istanbul | 2021 – 2023 |
| **NETAS** – Architect; Istanbul | 2015 – 2021 |
| **BIMEKS A.Ş** – Software Development Specialist; Istanbul | 2014 – 2015 |
| **Turk Telekom ASSISTT A.Ş –** Software Development Engineer; Istanbul | 2012 – 2014 |
| **OdakGIS –** Software Development Engineer; Ankara | 2011 – 2012 |
| **HAVELSAN A.Ş** –Intern; Ankara | 2009 – 2009 |

## PROJECTS

**FREELANCE**

- Delivered end-to-end enterprise, software architecture designs across multiple domains.
- Contributed to the design and improvement of DevOps and DevSecOps practices, including CI/CD pipelines and automation.
- Clarified ambiguous requirements and took end-to-end ownership of solution design and delivery.
- Supported technical teams through knowledge sharing and architectural guidance.

**AGESA**

- Agesa Enterprise Application Tech Strategy, Maintenance and Support
- Agesa Reverse Engineering All Enterprise Application Architectures
- Agesa Designing Architectures for New Enterprise Applications

HİZMETE ÖZEL - INTERNAL

**MLPCARE**

- MLPCare Enterprise Architecture Strategy
- MLPCare Digital Transformation Strategy
- MLPCare Development Team Management
- MLPCare Enterprise Service BUS Architecture Design
- MLPCare Devops Architecture Design
- MLPCare Sonarqube On-Prem Architecture Desing and Azure Devops Integration
- MLPCare Test-Preprod-Prod Infrastructure
- MLPCare Common CDN Architecture
- MLPCare Indoor Positioning Architecture Design
- MLPCare CMS Business and Technical Requirements

**NETAS**

- Netas R&D MSB SCOM Project Cluster Mechanism & Architecture (Apache Cassandra, PostgreSQL, MongoDB, RabbitMQ Api's, Hardware & Software Requirements, Physical & Virtual Architecture)
- Netas IT Continuous Integration-Delivery-Deployment - Devops Analyze Architect (Jenkins for .NET & .Net Core applications (MS build, dotnet), Android applications (ionic, cordova build))
- Netas IT Middleware Architecture (Load Balancing (ARR, NetScaler), CDN, IIS, FTP, DNS, SSL)
- Netas IT Project Versioning Structure, Artifact Repository Management, Package Management (Nexus OSS)
- Netas R&D Black Duck Software Composition, Open-Source Audits Analysis and Projects Integration
- Netas R&D AppDynamics APM On-Prem Installation and configuration on Ubuntu
- Netas R&D Application Performance Monitoring for IT Projects (AppDynamics, New Relics)
- Netas R&D Consul.io Service Health Check, Service Discovery KV Store and Configuration
- Netas IT UiPath RPA Infrastructure Architect
- Netas IT netas.com.tr-bdh.com.tr WordPress powered by MYSQL via IIS installation,configuration and wp rest service
- Netas IT Application Security Management for ISO 27001 (with Nessus Scan and Vulnerability Fixing)
- Netas R&D Team Foundation Server (TFS) 2018 installation, configuration, management and projects implementation
- Netas IT Corporate Reporting Service PowerBI Report Server On-Prem installation, configuration, management
- Netas BDH EWS Mail Listener for Office 365 mail accounts via PowerShell
- Netas IT MEB Fatih Project 20.000+ Switch Upgrade .Net Application via telnet
- Netas IT Microsoft SCCM Integration Gateway (MS Orchestrator)
- Netas R&D Mobifi Service Management (MEB FATIH (ASP.NET WEB API Microservice Architecture))
- Netas Kandy SPIDR UCWS Gateway (ASP.Net WEB API, Skype API's, Exchange API's)
- Application Services Management (Integration Development (Windows, REST, SOAP Service Development), Server Administration (Web Server (IIS), Source Control (TFS, GIT), Jenkins CI, Artifact Server, MSSQL Database (+T-SQL Development), Windows etc.))

**BIMEKS A.Ş**

- Bİlmza Pay Trust Integration
- Horoz Logistics Integration and Web Management Project
- Bimeks Corporate and Customer Based Event Management Project
- Bimeks Call Center Application Project
- bimeks.com.tr SEO Optimization
- Indexer Engine (Search Engine Optimization & Migration)

HİZMETE ÖZEL - INTERNAL

**TURK TELEKOM ASSISTT A.Ş**

- assisTT Portal corporate portal
- Online Video Training System
- Online Library Application
- Online Assignment Project
- Online Allowance Project
- Mail Application and Reporting Project
- Process Based S.S.S Module
- Online Call Center Customer Survey Module
- Ministry of Environment and Urbanization Call Center Web Application Project
- DSYB Web Application Call Center Project
- Turk Telekom and Avea Inbound & Outbound IVR Projects
- Corporate Application Solutions R&D

## COMPUTER SKILLS

**Programming**: C# (LINQ, Enterprise Library, Entity Framework), Java, JavaScript (jQuery), C, C++, PowerShell, Ms-dos
**Web:** ASP.NET (WebAPI, SignalR, WebForm), WCF, SOAP & Restful Web Services, Elasticsearch, Lucene.NET, jQuery, HTML, CSS(Bootstrap), DevExpress, Flow Player API, Google Maps API, XML, JSON (json.Net), Log4Net, NLog
**Microsoft Platform:** Skype For Business Server (UCMA, UCWA API), Exchange Server (EWS API), SCCM, Active Directory Server
**Database & NoSQL:** MS SQL (T-SQL, RDBMS, Development), PostgreSQL, Apache Cassandra, Redis, MongoDB, MS Access, MySQL, SQLITE
**Development & Test Tools:** Microsoft Visual Studio (Code Coverage, Analyzing, Review), Eclipse, NetBeans, SOAPUI, Fiddler
**Source Control:** TFS, GIT
**Middleware**: IIS, FTP, SSL, Load Balancer (ARR, Netscaler), Consul.io, RabbitMQ
**Continuous Integration & Delivery:** Jenkins CI, Nexus OSS (Repository), FxCop, StyleCop, Code Metrics, MS Build
**Application Performance Tools:** AppDynamics, New Relic
**Test: .**Net Unit Test (NUnit), Test driven development, Cross Browser Testing
**Security:** OWASP ZAP, Web Application & Server Security
**Robotic Process Automation:** UiPath Architecture, Orchestrator, Studio
**IVR:** VSXML (SYS Viases Designer)
**Other:** Jira (Agile), Scrum, Enterprise Architect (UML), Wireshark, WordPress

---

**Activities:** Reading, philosophy, history, cinema, documentary, science & technology, astronomy, botany, football, billiards, pc games, swimming
**Language:** Turkish, English
**MSc Thesis:** Blockchain Technology and Bitcoin
